Tip #50

Incident Investigation

Every incident tells a story, if we're willing to investigate.

An Incident Is More Than an Event, It's A Signal for Improvement

Incident investigation is a structured process to identify causes and prevent recurrence.

The Goal Is Not Blame, But Prevention

"Good investigations aim to:

- Uncover facts.
- Identify root causes.
- Strengthen prevention.

**Report → Investigate
→ Analyze → Act**

**A clear process ensures lessons
are learned and applied.**

REPORT

**INVESTIGATE
ANALYZE**

ACT

**Every Accident
Avoided Saves Lives,
Time, and Cost.**

Investigations protect:

- **People**
- **Assets**
- **Reputation**

One lesson learned can prevent many accidents.

Investigations = Actionable Lessons

Don't let incidents repeat
themselves.

- Record
- Learn
- Apply

**Today's investigation is
tomorrow's prevention.**
